## life-long **learning**

At UUCM we believe that life-long learning and growth is an important, intentional process. Therefore Religious Education is for all of us. It's about learning how to live our lives as Unitarian Universalists; how to make meaning of the situations we find ourselves in; and how to ground our actions in our principles.

We are excited to offer programs designed for learning and growth as we continually discover our truths together.

## monthly **themes**

At UUCM we focus on learning together as a community. As a congregation, we are exploring our faith and beliefs through monthly themes—as we each examine and interact with the ideas, we influence each other's perceptions and understandings. In our classes, small group ministry, worship services, social justice activities, etc, we explore the topics together, searching for the “truths” within the themes.
