The Move Has Started

Boxes have been packed, loaded and moved. They're staged in the social hall by room number and await the furniture move before being relocated to their appropriate places and unpacked.

Our new sanctuary is looking great - screens and speakers are up, Zoom is working, and seating is almost ready for our UUCM touches of altar, pulpit, Joys & Sorrows bowl, piano and chalice that will happen next week. Rumor has it that Rev. Kevin's not thrilled about having to climb that ladder each week.

The Admin area has been transformed with new paint and flooring and our beloved staff will have their own small kitchen in the Admin Workroom.

Volunteers have provided yeoman's and yeomanette's service these last few months! Our volunteers have carried out a substantial labor of love that took a great deal of energy, diligence, attention to detail, and management of so many moving and ever-changing parts.

It's not too late be a part of this!

Check out the Volunteer Corner and calendar in this issue for many ways to support our crews with this final push!

Moving Out!

Great job, movers!

Moving In

boxes organized in the social hall... just waiting for furniture!

Fresh paint and new flooring in Admin & Reception areas!

Summer Flowers

The Land Crew has been adding color to the landscaping around the building. After clearing the required space for a Firewise campus, they have placed pots of summer blooms for us to enjoy. Since we don't have any pictures for this week's publication you'll have to come on June 7 to see the transformation!

Still one last chance for you to help out:
Tuesday, June 2 from 9-11 am.
