

Bounty & Barter

Second Sundays @ 11:30am

Bounty & Barter is a truly **free** market. There are two rules:

1. No money (legal tender) is to be exchanged.
2. No items may be left behind after the market.

The purpose of **Bounty & Barter** is to create a eco-friendly, post-capitalist, low-maintenance marketplace where community members share what they have and find new uses for old stuff.

All items are welcome: garden bounty, bulk surplus, arts & crafts and more! Bring anything to share/trade; find takers or take it home again.

All people are welcome: no obligation to bring in order to take.
(Barterers may be settled later at the discretion of the bringer.)
